

MOSCOW MULE INGREDIENTS

This easy cocktail recipe has just 3 simple ingredients:

1. Vodka
2. Lime juice, and
3. Ginger beer

Ginger beer is similar to ginger ale, but less sweet and with a more intense ginger flavor. It does not contain any alcohol. You can find it in the soda aisle at your regular supermarket, or order it online here: [Ginger Beer](#).

I like my ginger beer to *really* taste like ginger. When I can feel a gentle burn at the back of my throat, I'm a happy girl. I've tried a lot of different brands, but my favorites by far are Fever Tree and Maine Root Spicy Ginger Brew.

If you're having trouble finding ginger beer, or if you just prefer a milder, sweeter flavor, you can substitute with ginger ale.
