

STRAWBERRY GRAVY CAKE

Bake white cake in 13" X 9" pan.

After it has cooled, push a wooden spoon handle through to bottom of cake, making 12-15 holes. Pour 2 pints thawed frozen strawberries with juice over top of cake. (Better yet, cut up two pints of fresh strawberries and sprinkle generously with sugar. Leave in refrigerator overnight to make juice.)

In a sauce pan combine:

- 1 cup of milk
- 1 stick of butter
- 1 cup of sugar
- 1 teaspoon vanilla extract
- 3 tablespoons flour

Cook over medium heat until thick. Pour over top of cake and refrigerate.
